

ROHO® Sensor Ready™ Cushion with Smart Check®

*Confidence, Independence and Peace of Mind...
...that's Smart Check by ROHO!*

- Works exclusively with ROHO Sensor Ready cushions
- Assists in achieving maximum skin/soft tissue protection
- Stores individual's inflation range
- Check cushion inflation with the *push of a button*

SENSOR READY CUSHION FEATURES:

SENSOR READY

The cushion comes standard with a quick disconnect port that allows the cushion to connect to Smart Check; the world's first personal electronic cushion security device, that is used to set up and monitor an individual's inflation range.

SHAPE FITTING®

The cellular design allows the cushion to track movements of the body and constantly conform to it. The cells adapt to meet unique skin/soft tissue integrity needs throughout the day.

SKIN / SOFT TISSUE PROTECTION

Proven with over forty years of research, experience and refinement, ROHO DRY FLOATATION® Technology provides an individual with unparalleled skin/soft tissue protection.

SMART CHECK FEATURES:

CONFIDENCE & INDEPENDENCE

Smart Check takes the guess work out of how much air should be in a ROHO cushion. Feel secure knowing that you can always check the inflation level of your cushion- whenever or wherever.

ABILITY TO RESET

The Smart Check and the Sensor Ready Cushion continue to work as an individual's physiology changes. Having the ability to reset an individual's inflation level allows for the maximum benefits from the ROHO cushion.

INSTANT FEEDBACK

With the push of a button, receive real time feedback to confirm the proper cushion inflation range.

Smart Check is specially designed to work exclusively with ROHO® Sensor Ready™ HIGH PROFILE® and MID PROFILE™ cushions.
